

Safety Data Sheet

according to Regulation (EC) No. 1907/2006

BAG-Elutions-Kit: Neutralization buffer

Page 2 of 4

then seek medical (ophthalmological) advice immediately.

After ingestion

Rinse out mouth and then drink plenty of water. Seek medical advice.

SECTION 5: Firefighting measures

Extinguishing media

Suitable extinguishing media

Water. Foam. Dry powder. Carbon dioxide.

Special hazards arising from the substance or mixture

With heating up or in case of open fire poisonous gases are possible.

Advice for firefighters

Wear self-contained breathing apparatus and protective clothing.

Additional information

Do not inhale combustible gases.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Avoid contact with skin and eyes.

Environmental precautions

Do not allow to enter drains/surface waters/groundwater. Treat recovered material as prescribed in "Disposal considerations".

Methods and material for containment and cleaning up

Take up buried product. Usual absorbing materials are sufficient.

SECTION 7: Handling and storage

Precautions for safe handling

Advice on safe handling

Observe the general safety regulations for laboratories. Wear suitable protective clothing, gloves and eye/face protection. Avoid skin and eye contact. Provide sufficient ventilation.

Conditions for safe storage, including any incompatibilities

Requirements for storage rooms and vessels

Storage at 15° - 30°C

Advice on storage compatibility

Consider direction for use

SECTION 8: Exposure controls/personal protection

Control parameters

Exposure controls

Protective and hygiene measures

While working wear laboratory coats, eye protection and gloves. Always wash hands with water and soap after test procedure. The glove material must be impervious against the product. Due to missing tests, no recommendations regarding the selection of the glove material can be given.

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Physical state:	fluid
Colour:	light blue

Safety Data Sheet

according to Regulation (EC) No. 1907/2006

BAG-Elutions-Kit: Neutralization buffer

Page 3 of 4

Odour: odourless

pH-Value: 8,8

Changes in the physical state

Melting point:	no data available
Boiling point:	no data available
Sublimation point:	no data available
Softening point:	no data available
Flash point:	no data available
Water solubility:	completely mixable

SECTION 10: Stability and reactivity

Reactivity

No information available

Chemical stability

No information available

Possibility of hazardous reactions

No information available

Conditions to avoid

Strong heating above room temperature

Incompatible materials

No information available

Hazardous decomposition products

No information available

SECTION 11: Toxicological information

Information on toxicological effects**Acute toxicity**

No harmful effects reported.

Additional information on tests

Handled properly, no toxic effects are expected.

The product has to be handled with the caution usual for chemicals.

SECTION 12: Ecological information

Toxicity

slightly water contaminating

Persistence and degradability

No data available

Bioaccumulative potential

No data available

Mobility in soil

No data available

Results of PBT and vPvB assessment

No data available

SECTION 13: Disposal considerations

Safety Data Sheet

according to Regulation (EC) No. 1907/2006

BAG-Elutions-Kit: Neutralization buffer

Waste treatment methods

Advice on disposal

There are no standardized regulations in EEC for disposal and/ or residual substances. Chemicals, which result as residual substances, are usually hazardous waste. Their removal is regulated by appropriate laws and/ or regulations of the EEC-Member countries as well as for the Federal Republic of Germany. Please contact the competent authority (e.g. waste disposal enterprises).

SECTION 14: Transport information

Other applicable information

The product is not subordinated to the transportation regulation.

SECTION 15: Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulatory information

Water contaminating class (D): 1 - slightly water contaminating

Additional information

The product is not a hazardous preparation according to Directive 67/548/EEC, 1999/45/EC and Regulation 1272/2008/EC (GHS)

SECTION 16: Other information

Further Information

The information is based on present level of our knowledge. It does not, however, give assurances of product properties and establishes no contract legal rights. The receiver of our product is singularly responsible for adhering to existing laws and regulations.
